Reception

At *Bob Raina's Disc Jockey Service*, we play a mix of music from the 1930's to the present date. We have found that a long list of music selections can be overwhelming. As a result, we have broken the music down into categories to make your music search easier. If a song or favorite artist comes to mind, make a note of it and if there is a particular song or artist that you can do without, let us know as well. Most importantly, pick songs and artists from the heart. Choose music that you feel confident about. The worst mistake you can make is trying to guess what music will entertain your guests.
